Saturday, August 2, 2014
8:30 am-12:00 noon

“God in Action: A Trinitarian Approach to Creation and Science”

Robert C. Bishop

Robert C. Bishop is the John and Madeline McIntyre Endowed Professor of Philosophy and History of Science and an associate professor of physics and philosophy at Wheaton College in Illinois. Bishop's research involves history and philosophy of science, philosophy of physics, philosophy of mind, and metaphysics. Bishop is the author of *The Philosophy of the Social Science* and co-editor of *Between Chance and Choice: Interdisciplinary Perspectives on Determinism*.

“Mind the Gap: Science, Knowledge, and Jesus Christ”

Charlie Catlett

Charlie Catlett is a Senior Computer Scientist at Argonne National Laboratory, a U.S. Department of Energy scientific research laboratory. Catlett is also a Senior Fellow at the Computation Institute of the University of Chicago and Argonne National Laboratory, and a Visiting Artist at the School of the Art Institute of Chicago. His current research focus areas include urban data science, cyber security and privacy, mobile devices and social networks, and the use of mobile and embedded computing to create intelligent infrastructure. He served as Argonne's Chief Information Officer from 2007-2011.
